Aleksandar Murgoski

Gender: Male **Date of birth:** 26/06/2003 **Nationality:** Macedonian/citizen of the Republic of North Macedonia

WORK EXPERIENCE

[13/01/2021 – 21/05/2021]

Computer hardware repairman

University Medical Center

City: Ljubljana

Country: Slovenia

For six enriching months, I attended practice at the University Clinical Center of Ljubljana. Within the service center, I orchestrated the maintenance of both hardware and software. Together, we wove networks into existence where they were needed, collaboratively surmounting challenges and delving into collective learning. My role spanned crafting purpose-built computers, deftly swapping components, and installing varius programs, that the clinic needed. I can say that it was a valuable learning journey.

EDUCATION AND TRAINING

[01/09/2018 – 24/06/2023]

Completed 5 years of education

Secondary school of technical professions ŠIŠKA   http://ssts.si/

Address: Litostrojska cesta 51, 1000, Ljubljana, Slovenia

Completed 9 years of elementary school

Primary school "Brakja Miladinovci"

Address: 6330, Struga, North Macedonia

LANGUAGE SKILLS

Mother tongue(s): Macedonian

Other language(s):

English

LISTENING B1 **READING** B1 **WRITING** B1

SPOKEN PRODUCTION B1 **SPOKEN INTERACTION** B1

Slovenian

LISTENING B1 **READING** B1 **WRITING** B1

SPOKEN PRODUCTION B1 **SPOKEN INTERACTION** B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

ADDITIONAL INFORMATION

Driving licence

English language course

I successfully undertook a 6-year English language course in Macedonia. This achievement significantly enhanced my education and has proven invaluable for international communication and connecting with people from around the world. It also helped me in my field as a Computer Technician.

COMPUTER SKILLS

Personal computer hardware and software

During my secondary education as a Computer Technician I gained a lot of experience working with computers. At first I got to know all the computer components and some very important information when buying them. I had the opportunity to work in organizations, where I was working with computers. From changing the disk, RAM memory, to installing the operating system and other programs.

Operating Systems

With a robust background in various operating systems, including Windows 7, Windows 8, and Windows 10, I advocate for the user-friendly Windows 10 as my preferred choice. Eager to stay current, I am excited to explore the intricacies of the newly introduced Windows 11 and deepen my understanding of MacOS, synonymous with Apple products. This endeavor aligns with my commitment to continuous professional growth and proficiency across diverse operating systems.

In all of these years I learned the important thing about operating systems, and that is to have them activated and up to date.

Network

In my training, I've gained a deep understanding of computer networks, enabling me to adeptly establish basic home networks. This involves meticulous component selection, router configuration, cable expertise, and connector compatibility. I possess the finesse to navigate diverse router settings, ensuring optimal network performance. My expertise culminates in creating seamless, well-orchestrated networking environments for residential spaces.
